

Introduction

Equitrac Professional 5 Enterprise Server is a cost recovery solution for firms with 100s of employees supporting multiple offices in a highly distributed, scalable and optimized network.

Equitrac Professional 5 Enterprise Edition includes cost recovery functionality with the ability to add licenses as the firm's needs change. Equitrac Professional 5 Enterprise Edition includes licenses for one (1) core accounting server supporting an unlimited number of attached terminal/embedded devices and web clients; two (2) print server (DRE) licenses with up to two hundred (200) network print devices; one (1) Device Monitoring Engine (DME); two (2) Release Stations; one (1) Uplink license; one (1) cluster enabler license; and twenty-five (25) workstation print clients.

License Options

Additional licenses can be added to Equitrac Professional 5 Enterprise Edition including:

Equitrac Professional 5: Workstation Print clients - 1, 10, 50, 100, 500, 1000 Print Client packs

Equitrac Professional 5: Additional Print Server (DRE)

Equitrac Professional 5: Call Accounting extensions - 100, 500, 1000 extension packs. Rate table license required and ordered separately.

Equitrac Professional 5: Embedded for Xerox (JBA-enabled⁸), eCopy (ShareScan OP v.3, v4 with ScanStation OP client), Canon MEAP⁸, Ricoh ESA⁸

Equitrac Professional 5: Cluster Enabler license

Equitrac Professional 5: Time & Billing or 3rd Party transaction/validation integration⁹

Equitrac Professional 5: Professional Services Pack - includes up to five (5) 3rd Party transaction imports and Time & Billing integration

Equitrac Professional 5: Remote Diagnostics Kit - modem or internet

Equitrac Professional 5 Enterprise Edition: System Requirements^{1,2}

		Software	Hardware
Server Application	Core Accounting Server (CAS) ³	Windows Server 2000 SP4 (with IIS 5.0 and .NET 1.1) or Windows Server 2003, SP1 or SP2 (with IIS 6.0 and .NET 1.1) or Microsoft SQL Server 2000 SP4 or Microsoft SQL Server 2005 ⁴ , SP1 or SP2 or Microsoft SQL Express 2005 ⁴ SP1 or SP2 Microsoft Windows 2003 Cluster	2.0 GHZ Intel [®] or AMD Athlon [™] CPU or SMP CPU(s) 2 GB of system memory 18 GB high performance RAID storage 1024x768 display resolution
	Document Routing Engine (DRE): Print Server	Windows Server 2000 SP4 or Windows Server 2003, SP1 or SP2 or NetWare 5.1, 6.5 (NDPS only with latest supported services pack applied)	Intel [®] Pentium [®] III or AMD Athlon [™] CPU 1 GB of system memory 1 GB available disk space
	Device Control Engine (DCE)	Windows Server 2000 SP4 or Windows Server 2003 SP1	Intel [®] Pentium [®] III or AMD Athlon [™] CPU 1 GB of system memory 100 MB available disk space
	Device Monitoring Engine (DME)	Windows Server 2000 SP4 or Windows Server 2003, SP1 or SP2	Intel [®] Pentium [®] III or AMD Athlon [™] CPU 1 GB of system memory 1 GB available disk space

Equitrac Professional 5 Enterprise Edition: System Requirements^{1,2}

Client Application	Print Client ⁵ Web Client Citrix Terminal Services	Windows XP Professional SP2 (32 and 64 bit ⁶) and/or Windows 2000 Pro SP4 Windows Vista ⁷ (32 and 64 bit ⁶) Macintosh OS 10.4, 10.5 ¹⁰ (Print Client only) Citrix ICA client v.7.0 (Print Client only) Remote Desktop on Windows 2000 SP4, XP SP1, SP2 (Print client only)	Intel® Pentium® or AMD Athlon™ CPU 256 MB of system memory 50 MB available disk space for applications 1024 x 768 display resolution
--------------------	---	--	---

Notes

1. The use of Equitrac Professional 5 Enterprise Edition under virtualization environments such as Virtual Server or VMWare is generally supported and is fully expected to work correctly, as long as such environments fully support the server operating system (e.g. Windows Server 2003), as Equitrac Professional 5 Enterprise Edition does not make any assumptions about the underlying hardware platforms. Consult your account representative for details.
2. The specifications indicated represent minimum hardware requirements only; high printing volumes and/or large installations may require substantially higher performance hardware.
3. Equitrac Professional 5 Enterprise Edition requires a dedicated machine or an isolated virtual server.
4. SQL Server 2005 and SQL Server Express 2005 require .NET 2.0.
5. Supported Document Management Systems (DMS) include Hummingbird DM 5.x, Hummingbird DOCS OPEN 3.96; iManage Worksite 7.x, Interwoven Worksite 8.2; and Worldox 2000, 2002, GX.
6. IA 64 chipset not supported.
7. Equitrac will support Microsoft Windows Vista Business, Windows Vista Enterprise and Windows Vista Ultimate. Equitrac will not test or support software on Microsoft Windows Vista Home Basic, Windows Vista Home Premium, or Windows Vista Starter. On Vista, the print client will track all network printing, as well as desktop printing from applications using conventional drivers but not desktop printing through native Vista XPS drivers. Equitrac Professional 5 server components (CAS, DRE, and Scheduler) are 32-bit.
8. Refer to the individual Embedded documentation on specific models supported.
9. Equitrac Professional 5: Third Party Transaction Integration license (EP5TPT00) is required for scan integration with Omttool AccuRoute® 2.1. or higher.
10. Macintosh 10.5 is supported, but requires a hot fix before it can be deployed. See your account representative for details.
