

Instructions for Mobile Print on PC

Instructional Summary - PC Printing

This document will support you in setting up PC Mobile Printing, cinstalling a PrintWhere Mobile Print driver on your PC, and creating a User account, so you will be ready to print.

T HIS IS A ONE TIME INSTALLATION FOR EACH PRINTER. ONCE COMPLETE, PRINTING IS SEAMLESS.

PrintWhere[®] is a Windows-based print subsystem that enables secure, remote printing from any Windows application using Windows Surface tablets, desktops or laptops. PrintWhere eliminates tedious printer configuration and enables users to print to printers on the network and off-network remote printers using one simple interface.

System Requirements

PrintWhere has the following system requirements:

- Windows 7 or later 2GB RAM
- 1GB free disk space (more may be required if a large number of printer drivers are downloaded)

Support

If you have an urgent matter, please contact the Realogy help desk: 877-NRT-HELP (877-678-4357)

Installing Mobile Print on PC

Click download the PrintWhere driver at: http://dl.printeron.com/pwc/PWhere_x64.exe

Install PrintWhere.64
