Instructions for Mobile E-Mail Printing

X-CENTRAL

Instructional Summary

Mobile E-Mail Printing

This document is designed to walk you through Mobile Email Printing which allows you to send attachments to be printed. Both the body of the email and ALL attachments will be printed.

System Requirements

You are required to use your Realogy email account service. Email accounts such as Hotmail, Google, Yahoo, etc. are not supported.
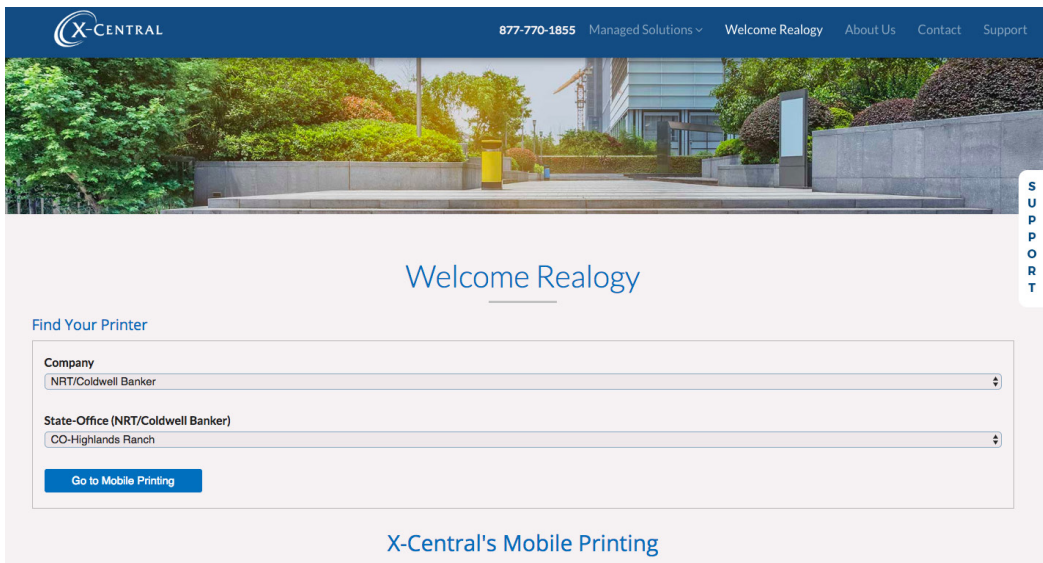

Support

If you have an urgent matter, please contact the Realogy help desk:

877-NRT-HELP

877-678-4357

Print to an Email Address
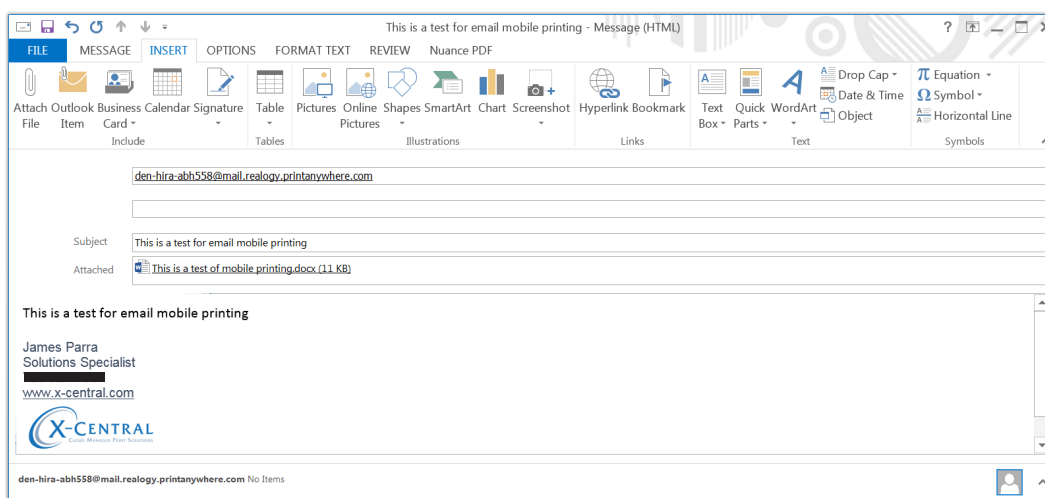

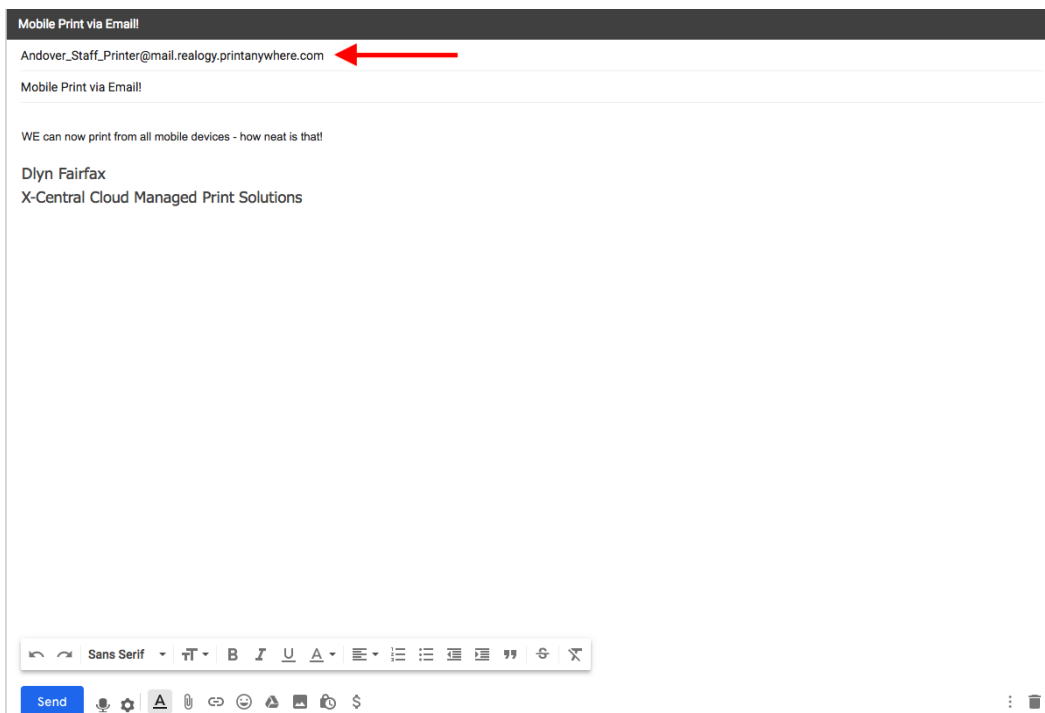

Go to Welcome Realogy https://x-central.com/realogy/

Select your Company>State>Office Location

Open Email> Select the email to send print job to (your emails may be different)

Each PrinterOn-enabled printer is assigned a unique email address. Simply send or forward an email with attachment to this address.

Mobile Print via Email!
